

How to design the cover sheet for Group folder

- You may create a headline and a subline, whereupon the subline is not obligatory. The subline may be positioned above or below the headline.
- The space for the text is terminated by the speech bubble-cutout. So if the headline is very long there is less space for the subline and vice versa.
- All available Hannover Re font colours provided in the menu (black, pantone blue, cyan and grey) can be combined at will.
- You can also choose which logo you would like to have on the cover sheet.
